Subject: Response to Amendment, Great Salt Lake Minerals, GLS Mine,  
M/057/002, Weber County, Utah

Dear Mr. Beaumont:

On May 17, 2004, we received your amendment notifying us of your need to move eight diesel driven pumps from Pump Station 113 West about one mile to the east and construct a similar pump station at 113 East. Pump Station 113 West will typically be used to pump brine from the dredged inlet canal during times of high Great Salt Lake levels. Pump Station 113 East will be used to pump brine from dredged inlet canal during times of low levels.

You requested that the surety amount remain the same until the next plan review, which would not be due until 2007. However, revising or amending your notice does require the surety amount to be adjusted. Therefore, the surety has been adjusted and escalated to year 2009, to include this amended area. Revising the entire surety at this time will relieve the necessity of having to post surety for this amended portion at this time, then again in year 2007.

A surety estimate of \$462,200 is required to add this amended area and escalate the entire surety to year 2009. Before final approval of your amended notice can be granted, you must post the additional \$70,500 surety. Because you have already created the work required on pump Station 113 East, you are potentially in a non-compliance situation. To avoid any enforcement action, we require that you post the surety w/in the next 30 days or notify us in writing requesting an extension and provide justification as to when this will be accomplished.

If you have your bank amend the existing Letter of Credit, no other paperwork will be required at this time. However, if you choose to post another type of surety, please contact Joelle Burns at (801) 538-5291 to obtain the current bonding forms, or you may download them off the internet at the Division's website at [www.ogm.utah.gov](http://www.ogm.utah.gov). If you post another form of surety, a new Reclamation Contract will be required.

Thank you for your immediate attention to this letter. If you have any questions or concerns, please contact me at (801) 538-5325.

Sincerely,

Daron R. Haddock
